General Description of Coverage

The Vision Plan is available to all individuals and their dependents who are eligible for health benefits with MAMSI Health Plans. You will receive partial reimbursement listed above for basic eye exams, frames and lenses.

The Vision Plan covers services associated with correcting vision. If you have medical problems with your eyes, please refer to your health plan documents for benefit information.

Member Forms

The Vision Plan uses a Vision Service Form, not a health plan identification (ID) card. These forms are issued for each member and are mailed to the member upon a request to the Member Services Department. It takes approximately 10 business days for delivery of the forms, so it is best to request your forms well in advance of your appointment. You cannot obtain these forms from your physician or health care practitioner.

When Receiving Benefits

You may request to be reimbursed the maximum benefit allowed for all covered services,
or

You may assign your benefits to the physician or health care practitioner, who is then reimbursed the maximum benefit allowed for all covered services. You are responsible for any difference between the total cost of services received and the amount to be reimbursed by the Plan.

NOTE: All Vision Plan reimbursement claims must be received by MAMSI Health Plans within one year of the date of service. Each eligible member must provide his or her own health plan member ID number to receive claim reimbursement. All claims for reimbursement must be accompanied by a receipt.

Questions?

If you have any questions concerning eligibility, coverage, or need to request a Vision Service Form, please call the Member Services Department 24 hours a day, seven days a week at: **1-800-447-6267**

Additional Discounted Vision Services

As a MAMSI health plan member, you also have discounted vision benefits. Discounts are available on eyewear and related services at participating optical centers listed in the *Directory of Health Care Professionals*. You need only show your health plan ID card at a participating center to receive the following savings:

Member pays 80-85% of usual and customary fees for eyeglasses, including single, multiple or designer, and other optical services. Contact lenses may also be available at a discount.
